## SUPERIOR EURO K 62 RCG C1 4S

PRODUKTSERIE: SUPERIOR - ECO  
ARTIKELNUMMER: 960620034

With an energy consumption of 264 kWh/year (Energy test Ecodesign) the SUPERIOR EURO K 62 ranks in energy class A. The Ecodesign test method records the 24 hour energy consumption and multiplies it by 365 to get the annual energy consumption (AEC). The 24 hour consumption is calculated from 2 test periods of 12 hours each. The first period has sequences of door openings while the second is a stabilization period with closed door. These new cabinets combine stylish design with high functionality and outstanding low energy consumption. • The controls are concealed behind the top panel, protected against splashing water. • Design principle of "no broken surfaces" makes the cabinets easy to clean. • The distinctive aluminum profiles stretching from top to bottom on both sides of the cabinet impart strength and enhance appearance. • The modular rails can go directly in the dishwasher. • Pedal opener with finesse - read more in the brochure. Shelf dimensions are the standard Euronorm, i.e. 40x60 cm.
