Combine 2 temperature ranges in one cabinet. The Combi-cabinet offers you the ultimate in food storage flexibility, minimises space requirements and may save you the purchase cost of an extra cabinet. The controls are concealed behind the top panel, protected against splashing water.

Design principle of "no broken surfaces" makes the cabinets easy to clean. The distinctive aluminium profiles stretching from top to bottom on both sides of the cabinet impart strength and enhance appearance. The modular rails can go directly in the dishwasher.
