SUPERIOR PLUS K 72 CCG C1 4S

PRODUKTSERIE: GRAM SUPERIOR PLUS 72
ARTIKELNUMMER: 960720014

The SUPERIOR PLUS K 72 ranks in energy class A. The Ecodesign test method records the 24 hour energy consumption and multiplies it by 365 to get the annual energy consumption (AEC). The 24 hour consumption is calculated from 2 test periods of 12 hours each. The first period has sequences of door openings while the second is a stabilization period with closed door. • The controls are concealed behind the top panel, protected against splashing water. • Design principle of "no broken surfaces" makes the cabinets easy to clean. • The distinctive aluminum profiles stretching from top to bottom on both sides of the cabinet impart strength and enhance appearance. • The modular rails can go directly in the dishwasher. • Pedal opener with finesse - read more in the brochure. SUPERIOR PLUS is suitable for the deep 2/1 GN system where 2 pcs. 1/1 GN pans can be placed after each other directly on the support rails.
