SUF-135EG-R-C-U

Freezer Cabinet 2/1 GN

ITEM NUMBER: 878010904

The Hoshizaki SUF-135EG-R-C-U is a Freezer Cabinet 2/1 GN with a net internal volume of 797 Ltr.
As a product that is designed and built to last, this refrigerated cabinet combines an innovative design concept, premium materials, and clever extras.
The technology behind the strong performance of the Snowflake GII+ series is the tropicalised cooling system, enduring up to +40°C.
With outside dimensions W x D x H of mm, the SUF-135EG-R-C-U makes a perfect fit for diverse food service environments, especially for locations with low ceilings. The SUF-135EG-R-C-U is also easy to maneuver through door openings, which simplifies the process of installation.
The Hoshizaki Snowflake GII+ series is brought to you by Japanese and Danish engineering excellence, dedicated to simplifying the day-to-day work routines of kitchen staff all around the world.

SustainableThe refrigerant used in all Snowflake GII+ models is R290. This agent is a natural gas that enhances the performance of the refrigerated cabinet and has, compared to other refrigerants, a minimal ozone depletion potential. MaterialBoth interior and exterior of the refrigerated cabinet are built of nickel-free (non-allergic) stainless steel, which is among the best choices for hygienic and food-safe cooking environments.Smart Use of SpaceMaking the best possible use of limited space conditions is a common challenge in kitchen design. The evaporator is positioned on top of the cabinet, so valuable space inside the cabinet can be used for storage. The condensation tray is not positioned on the back of the cabinet, but on top of it. This clever design allows you to move the cabinet closer to the back wall which gives you an additional 5 cm of your valuable operational area. Energy EfficiencyThe double insulated and extra wide door gaskets help to keep the cold air inside the cabinet, which is an important factor for device efficiency. The Ecodesign AEC Energy consumption is 3523. Convenience and ErgonomicsThe SUF-135EG-R-C-U has self-closing doors, which close automatically when open at an angle of fewer than 90 degrees. Additionally, they offer maximum flexibility as they are fully reversible. an anti-tilt mechanism with moulded liners helps with safer container and rooster handling. The GN shelf size of the SUF-135EG-R-C-U is [2_1_gn_deep]. With sound levels of 58 dB(A) the SUF-135EG-R-C-U adds to a comfortable work

protectively in the best possible way.

EXTERIOR
Stainless Steel AISI 430

INTERIOR
Stainless

Refrigerant type: R290 / Refrigerant: 0.105 kg / CO2 equivalent: 0.315 kg
